- 2 Blasts at 7.30 a. m., no school.
- 2 Blasts at 7.30 p. m., Fire Dept. meeting.
- 1 Blast, water to be shut off in thirty minutes.

NOTICE

Brush fire, chimney fire, and all outside fire alarms are to be telephoned to the Alton operator, who will sound the proper alarm, and notify the proper authorities. This will be done by means of a control box now in the central office. State clearly the nature, extent and location of the fire. By complying with the above much time and property may be saved.

INSTRUCTIONS FOR OPERATING A BOX

Opening a box does not sound alarm: Pull down handle. Anyone sounding alarm to remain at box to direct firemen. Second alarm to be sounded by order of the chief engineer only. Test alarm every day at 12.45. Do not sound alarm unless necessary.

HAROLD PRIME, WESTON ALDEN,
OLIVER BARNES, Fire Wards of Alton.

ALTON WARRANT

STATE OF NEW HAMPSHIRE

To the inhabitants of the town of Alton, in the County of Belknap, in said state, qualified to vote in town affairs:

You are hereby notified to meet at the town house, in said Alton, on Tuesday, the thirteenth day of March next, at nine o'clock in the forenoon, to act upon the following subjects:

Article 1. To see what sum of money the town will vote to raise and appropriate to pay all necessary charges of the town for the ensuing year.

Article 2. To see what sum of money the town will vote to raise and appropriate for the repairs of highways and bridges for the ensuing year, in addition to that required by law.

Article 3. To see what sum of money the town will vote to raise and appropriate for the removal of snow from the town's highways.

Article 4. To see if the town will vote to raise and appropriate the sum of \$1,500.00 for a bookkeeper, providing the bookkeeper keep the records and books of the water department, school department, and selectmen.

Article 5. To see what sum of money the town will vote to raise and appropriate to be expended on roads leading to shore property in conjunction with the amounts raised and expended by property owners.

Article 6. To see what sum of money the town will vote to raise and appropriate for the purchase of tarvia and application of same.

Article 7. To see if the town will vote to raise and appropriate the sum of \$870.42, provided that the state will contribute \$5,802.78 for Class V roads, so called.

Article 8. To see if the town will vote to authorize the selectmen to borrow necessary monies in anticipation of taxes.

Article 9. To see what sum of money the town will vote to raise and appropriate for the decoration of soldiers' graves.

- Article 10. To see what sum of money the town will vote to raise and appropriate for the maintenance of the public library in addition to that required by law.
- Article 11. To see if the town will vote to raise and appropriate the sum of \$400.00 to be expended under state supervision for the control of white pine blister rust.
- Article 12. To see if the town will vote to raise and appropriate the sum of \$316.00 to the Lakes Region Association of New Hampshire, which is one-hundredth of one per cent of the assessed valuation, for the purpose of publicizing and promoting the natural advantages and resources of the town together with the other towns in the Lakes Region.
- Article 13. To see if the town will vote to raise and appropriate the sum of \$250.00 for spraying trees along highways.
- Article 14. To see if the town will vote to authorize the selectmen to have the expenditures of each department itemized in the town report annually. (By petition)
- Article 15. To see if the town will vote to discontinue the present town dump and to acquire a suitable new location for a town dump and raise and appropriate the necessary funds to defray the expense of the same. (By petition)
- Article 16. To see if the town will vote to adopt the provisions of Chapter 55, of the Revised Laws of New Hampshire, 1942, and all amendments thereof relative to the establishment of the town manager system of government in said town. (By petition)
- Article 17. To see if the town will vote to adopt the following law: "No person, firm or corporation shall use a loudspeaker or public addressing system, out of doors, unless a license to do so is first obtained from the selectmen. Any violation of the provisions hereof shall be punished by a fine not exceeding \$10.00. (By request)
- Article 18. To see if the town will vote to raise and appropriate the sum of \$1,000.00 for band concerts, summer and winter activities. (By request)

Article 19. To see if the town will vote to raise and appropriate the sum of \$500.00 to be expended to help defray the expenses of an Outboard Marathon Race, scheduled for August 5th at Alton Bay. (By request)

Article 20. To see if the town will vote to appropriate from the Post War fund the sum of \$1,000.00 for the purpose of replacing the cemetery fence. (By petition)

Article 21. To see if the town will authorize the selectmen to administer and dispose at public auction of any real estate acquired through tax collector's deeds, or to transfer the town's interest in any tax liens held by it before a deed is due thereon. This authority to continue until revoked or recinded at some future meeting. (By request)

Article 22. "Shall the provisions of Chapter 171-A of the Revised Laws relative to playing games of beano be adopted in the town?"

Article 23. To hear the report of agents, auditors, committees or officers heretofore chosen and pass any vote relating thereto.

Article 24. To choose all necessary town officers for the ensuing year, to elect one selectman for three years, one library trustee for three years, one trustee of trust funds for three years and one water commissioner for three years.

Given under our hands and seal this sixteenth day of February, 1951.

FREDERICK M. PERKINS,
LEON T. DODGE,
HERBERT T. ALDEN,

Selectmen of Alton.

A true copy, attest:

FREDERICK M. PERKINS,
LEON T. DODGE,
HERBERT T. ALDEN,

Selectmen of Alton.

REPORT
of an AUDIT and EXAMINATION
OF THE ACCOUNTS OF THE
TOWN OF ALTON, NEW HAMPSHIRE
MADE BY THE
DIVISION OF MUNICIPAL ACCOUNTING
STATE TAX COMMISSION
CONCORD, N. H., FEBRUARY 2, 1951

Board of Selectmen
 Alton, New Hampshire.

Gentlemen:

Submitted herewith is the report of an audit and examination of the accounts of the Town of Alton for the fiscal year ended December 31, 1950, which was made by this Division at the request of the budget committee. Exhibits as hereafter listed are included as part of the report.

SCOPE OF AUDIT

Included in the examination and audit were the accounts and records of the Board of Selectmen, Treasurer, Tax Collector, Town Clerk, Water Department and Lighting Precinct.

FINANCIAL STATEMENTS

Comparative Balance Sheets,

December 31, 1949 - December 31, 1950:

(Exhibit A-1)

Comparative Balance Sheets as of December 31, 1949 and December 31, 1950, are presented in Exhibit A-1. As indicated therein, the Net Debt increased by \$2,332.20 during 1950.

Analysis of Change in Financial Condition: (Exhibit A-2)

An analysis of the change in financial condition of the town during the year is made in Exhibit A-2, with the factors which caused the change indicated therein. These were as follows:

Increases in Net Debt

Budget deficit	\$5,604.71
Long term notes issued	2,800.00
Decrease in accounts receivable	1,476.14
Tax liens transferred to tax deeds	296.29

Increases in Net Debt

\$10,177.14

Long term notes paid	\$5,600.00	
Increase in water department		
cash on hand	2,235.94	
Increase in town clerk's cash on hand	9.00	
		\$7,844.94

Net increase \$2,332.20

Comparative Statements of Appropriations and Expenditures,
Estimated and Actual Revenues: (Exhibits A-3 and A-4)

Comparative statements of appropriations and expenditures, estimated and actual revenues for the fiscal year ended December 31, 1950, are presented in Exhibits A-3 and A-4. As indicated by the budget summary (Exhibit A-4), a net overdraft of appropriations of \$10,972.85, less a net revenue surplus of \$5,368.14, resulted in a net budget deficit of \$5,604.71.

Statement of Long Term Indebtedness: (Exhibit G)

A statement of Long Term Indebtedness as of December 31, 1950, showing annual maturities of principal and annual interest requirements, is included in Exhibit G.

Summary of Receipts and Expenditures: (Exhibit B-1)

A summary of receipts and expenditures for the fiscal year ended December 31, 1950, made up in accordance with the uniform classification of accounts, is included in Exhibit B-1. Proof of the treasurer's balance, as of December 31, 1950, is indicated in Exhibit B-2.

AUDIT PROCEDURE

The accounts and records of all town officials charged with the custody, receipt and disbursement of public funds were examined and audited. Vouchers and cancelled checks were compared with supporting invoices and payrolls as well as entries in the books of record. Receipts were checked by source insofar as possible and totals of receipts and expenditures verified. Book balances were verified by comparison with reconciled bank balances made from statements obtained from depository banks. Verification of uncollected taxes was made by mailing notices to delinquent taxpayers as indicated by the collector's records.

GENERAL COMMENTS

Appropriation Overdrafts:

The budget summary (Exhibit A-4) indicates:

Overdrafts of appropriations	\$15,787.99
Unexpended balances of appropriations	4,815.14
Net overdraft of appropriations	\$10,972.85

Sections 5 and 6 of Chapter 52, Revised Laws of New Hampshire, as amended, (Municipal Budget Act) the provisions of which have been adopted by the Town of Alton, provides as follows:

"5. Exceeding Appropriations. In towns adopting the provisions of this chapter, no board of selectmen, school board, commissioners of a village district wholly within said town, or other expending agency shall pay or agree to pay any money or incur any liability involving the expenditure of money for any purpose for which an appropriation has not been made, or in excess of any appropriation or allotment made to it, except for the purpose of paying judgments rendered against the town or school district or said village district, provided, however, that in case of sudden and unexpected emergency the selectmen or village commissioners on application to the tax commission and the school board on application to the state board of education, after hearing, may be given a certificate of emergency authorizing them to make such expenditure or incur such liability, provided that no such certificate of emergency shall be granted unless the budget committee of the town has approved the expenditure. In cases arising during the year following the annual meeting where changes occur which make it unnecessary to use the amount appropriated for a specific purpose, an unexpended balance may be transferred by the board of selectmen or the school board or the village commissioners of such village district from one appropriation to another, provided the total amount expended for all purposes does not exceed the total amount appropriated at the town, school or village district meetings for all purposes".

"6. Penalty. Any person or persons violating the provisions of section 5 shall be subject to removal from office on proper petition brought before the superior court. Such petition shall take precedence of other actions pending in said court, and shall be heard and decided as speedily as possible".

It must be stated, therefore, that contrary to the provisions of Section 5 of the Municipal Budget Act, (1) expenditures exceeded total budgetary appropriations and (2) no application was made by the Board of Selectmen to the Tax Commission for authority to exceed appropriations.

The larger overdrafts were in the following accounts:

Town hall	\$1,401.50
Town highway maintenance (summer)	1,989.43
General expense of highway department	4,789.94

Principal of debt	1,000.00
Capital reserve fund	1,000.00
Overlay (abatements)	2,584.78

We offer the following comment in relation thereto:

Included in the expenditures for highway purposes was the amount of \$5,682.88, which was expended to repair the damage to highways resulting from the November storm. As shown by Exhibit B-3, this was included in the following accounts:

Summer maintenance	\$2,729.90
General expense of highway department	2,952.98

\$5,682.88

It will be seen, therefore, that while the combined overdraft of the "town maintenance" and "general expense of highway department" appropriations amounted to \$6,779.37, \$5,682.88 was attributable to storm damage repairs.

The appropriation for the Capital Reserve Fund was \$1,000.00, the payment made to the fund \$2,000.00, with a resulting overdraft of \$1,000.00. The net result of this transaction was a transfer of funds from the town general account to the Capital Reserve Fund account, with no resulting decrease thereby of the assets of the town.

The payment of \$1,000.00 on the principal of debt, in excess of the amount appropriated, reduced the liabilities of the town by a like amount.

The "overlay" account, the amount of which is determined by the board of selectmen rather than the town meeting, is raised in accordance with the provisions of the law to provide for abatements.

Conclusion:

The accounts and records of the town officials which we examined were found in good condition and the accounting and financial procedure, with exceptions as herein indicated, conformed to the prescribed methods and procedure.

The provisions of Section 31, Chapter 211, of the Laws of 1939, require that this report or a summary of its essential features shall be published in the next annual town report. This letter of transmittal should be included in its entirety.

We extend our thanks to the officials of the Town of Alton for their assistance during the course of the audit.

Yours very truly,

HAROLD G. FOWLER, Director
Division of Municipal Accounting
State Tax Commission.

Herbert E. Hunt, C. David Sullivan, Auditors.

Hugh J. Cassidy, John F. Flanders, Robert W. Flanders,
Accountants.

DIVISION OF MUNICIPAL ACCOUNTING

STATE TAX COMMISSION

Concord, New Hampshire

February 2, 1951

CERTIFICATE OF AUDIT

This is to certify that we have audited the accounts and records of the Town of Alton for the fiscal year ended December 31, 1950; and, with exceptions as indicated in the report, found them to be in good order. In our opinion the Exhibits included herewith reflect the true financial condition of the town as of December 31, 1950, together with the results of operations for the period under review.

Respectfully submitted,

HAROLD G. FOWLER, Director
Division of Municipal Accounting
State Tax Commission.

Herbert E. Hunt, C. David Sullivan, Auditors.

Hugh J. Cassidy, John F. Flanders, Robert W. Flanders,
Accountants.

TAX COLLECTOR'S REPORT

To the taxpayers and inhabitants of the town of Alton:

It is with pleasure that I submit herewith for your inspection a detailed report of the results of my duties as your collector of taxes for the period beginning March 21, 1950 and ending December 31, 1950. That you may get a clear picture of the collections to date and the activities of the department, I have made up my report in six parts, namely:

1. Total receipts for the period.
2. Balance sheet of the levy of 1950.
3. Balance sheet of the levy of 1949.
4. Balance sheet of the levy of years previous to 1949.
5. Report of tax sales account and redemptions sales.
6. Unredeemed taxes from sales of 1949 and previous years.

Part 1.

TOTAL RECEIPTS FOR PERIOD
MARCH 21, 1950 TO DECEMBER 31, 1950

The above report has been checked by your duly elected auditors and verified by auditors from the office of the State Tax Commission and is correct according to my best knowledge and belief.

At this time may I thank all the town officers who have been so helpful to me during my term of office. They have assisted me much in solving problems which at times have seemed impossible of solution. May I urge all taxpayers to settle their accounts promptly so as to save the town expense of hiring money to carry on its business.

Respectfully submitted, Raymond C. Duncan, Collector.
 We, the undersigned, having examined the foregoing account, find it properly vouched and
 January 31, 1951. correctly cast. George H. Wallace, Chester W. Littlefield, Auditors.

60	Irving Trust Co.	1,020.00
1	U. S. bond	100.00
		<hr/>
		\$43,137.64

We had an income of \$2,863.89 on our invested funds, which enabled us to credit 5% to each individual account.

By vote of the special town meeting we have withdrawn \$3,000.00 from the Municipal Improvement Fund which has been paid to the Gilman Library building fund, which added to the invested building fund or \$21,078.77 gives the Gilman Library Building Committee a fund of \$24,078.77.

We now have \$37,174.26 in our invested fund, which we have built up so that we now own \$43,137.64 worth of stocks as per schedule printed above.

 AUDITORS' CERTIFICATE

As your duly elected auditors, we have carefully checked the accounts of the town treasurer, tax collector, precinct treasurer, trustees of trust funds, library trustees and treasurer of the lighting precinct along with the bank statement of the several departments.

According to the best of our knowledge and belief they are properly vouched and correctly cast and are a true account of the business of the town for the year ending December 31, 1950.

GEORGE H. WALLACE,

CHESTER W. LITTLEFIELD,

Auditors.

*Cooperative expenditures in making detailed maps of the control area.		
A check is enclosed to cover the balance due the town.		
Land area of town, 40,931 acres.		
Present control area, 20,012 acres.		

FOREST FIRE REPORT

During the year 1951, we did not experience any serious forest fires in District No. 5, which takes in all of Strafford county, the towns of Alton and Gilmanton in Belknap county, and the towns of Deerfield, Nottingham and Northwood in Rockingham county.

However with the accumulation of slash from extensive lumber operations, we can have serious forest fires this year. Everyone can help in preventing these fires by:

1. Securing a permit from the forest fire warden after the snow leaves the ground.
2. Reading the permit carefully before lighting the fire.
3. Insisting that others be careful and comply with burning requirements.

During the year 1950 we had 67 fires that burned 191 acres, less than three acres per fire. This is not a

bad record, but we can reduce the number of fires by everyone being careful and respecting the fire laws.

The forestry department has erected several fire weather signs on main highways throughout the state. One of these signs is on Route No. 16 in Rochester by the freezer locker. The fire weather index is in five classes.

1. Very low fire danger.
2. Low fire danger.
3. Medium fire danger
4. High fire danger.
5. Extreme fire danger.

An arrow indicates the class of fire day, and will be changed each day or as the fire danger goes up or down. Let's all work with the fire warden and district chief in preventing forest fires.

ROBERT W. SMITH,

District Fire Chief.

REPORT OF WARDEN

Number of fires	11
Acres	501½
Number of permits issued	108

HAROLD E. PRIME,

Forest Fire Warden.

Report of total number of fires during the year 1950:

Building fires	5
Chimney fires	6
Car fires	2
Boat fires	2
Dump fires	2
Forest and grass fires	11
Still alarms	4

HAROLD E. PRIME,

Chief of Fire Department.

1950

INCLUDING THE
AUDIT and EXAMINATION
BY THE
DIVISION of MUNICIPAL ACCOUNTING
STATE TAX DIVISION

If some dramatic incident could shock the American people to an awareness of public education, they would re-act as unitedly as they did at Pearl Harbor. A parade of embarrassing statistics, however, fails to accomplish this purpose. The growing inadequacy of our public school system is creeping up on every community.

Year by year, community by community, we are watching one of two great strongholds of democracy be weakened. For the strength and backbone of our democracy is an informed electorate. We Americans achieve this strength through widespread public education—education which prepares the citizenry for active participation, and simultaneously assures their liberty.

For education makes a people easy to lead, but difficult to drive; easy to govern, but impossible to enslave.

I am not a horse-and-buggy reactionary, advocating a return to the simple country education which I knew in my boyhood. Although the effort for education for a country boy in Missouri had great merits in character building, and certain rewards in accomplishment through hardship, such conditions are out of date. Future generations of American citizens can be prepared for the important role they must play, if we make the most of the modern educational resources for our boys and girls.

For the past 10 years, our preoccupation with saving this nation, and its way of life from aggression has frequently left grade schools and high schools of our communities behind. While the school-age population increased by leaps and bounds, schoolroom facilities and adequate teaching staffs were left behind.

Taken from an address delivered by
General Omar N. Bradley, Chairman Joint
Chiefs of Staff, delivered before the
National Citizens' Commission for Public
Schools, January 17, 1950.

(b) Report of the Superintendent

1. Problems and Conditions General to the Union

Less than fifty years ago, the atmosphere which surrounds our earth was merely so much air to be breathed. Today, man talks through it by telephone and radio; he sends lightning-like messages through it by telegraph; he sends pictures through it by television; and he flies himself and his goods through it at a speed undreamed of even a few years ago.

The American home, during these same fifty years, has been equipped with conveniences such as automatic heat and air conditioning, running water, electricity, automatic washing machines, ironers, electric stoves, refrigerators, vacuum cleaners, dishwashers, disposal units and many others, and the average family, an automobile.

In these same years this country has grown from a struggling young nation to a World Power.

To what do we owe these great accomplishments?

The United States Chamber of Commerce raised this question some several years ago and then set out to find the answer. They studied the natural resources, the climate, all other factors common to each nation and when they were finished, they concluded:

That education is a far more powerful instrument than most people have been willing to admit.

That the degree of education and technical competence determines the economic welfare of the various countries of the world.

That natural resources do not determine the income of a country.

That the degree of education and technical skill is the factor that does determine the level of income in any country.

Our forefathers believed this and set out to establish in America the first free schools in the world. While fighting the Revolutionary war, they continued to develop public schools and found time and money to establish some thirteen colonial colleges. Our country and our schools have grown far beyond the expectations of our illustrious forebears.

Today, schools face two problems: We must prepare our children for the new world yet to be molded and we must find ways to pay for these schools as did those who have gone before us.

Our schools must be set up to prepare young folks for college and innumerable vocations, some very new to all of us, and others as old as agriculture, but in the new scientific manner. In the "good old days" schools did not need to prepare children for the vocations as most everyone who was not going to college followed in his father's trade and learned it at home or with some friend or neighbor. Schools, therefore, taught the children to read, write and do simple arithmetic (not the kind required on the income tax form today or the kind required to read the budget of our federal government). Schools must still do these same things but many more.

Children growing in this new way of life must know the world as well as they once knew their town. They must understand the many great scientific developments, and learn, we hope, to use them for good, rather than for destruction. If anyone doubts that our children are learning these things, he should engage them in conversation about atomic energy, jet engines, Guadalcanal, Estonia, the latest automobile of any make, or the United Nations.

Teaching school under these conditions is a far cry from what it was in former years, particularly before World War I. The amount of material to be covered has increased, especially in the scientific fields and in geography and history and government. Content has changed and continues to change. The sincere and conscientious teacher must continue to study and increase her knowledge. She knows that she must do her utmost to develop fully the potentialities of each and every child, for in our complicated society, the "dunce" is a liability to be paid off eventually by all of us.

America has prized its educational system, invested in it, believed in it because it promises to bring to real life the American dream of the good society. There is, however, another side to this picture. While we believe in our schools and put such trust in them, the proportion of our national income devoted to education has declined in the last twenty years and five billion dollars spent on public education compares rather poorly with the eight billion dollars spent on liquor, or the nine billion dollars spent on cigarettes and the nineteen billion dollars spent on automobiles.

Providing money for our schools has become a vexing problem. To meet the needs of our present edu-

educational program, more money is required. Today, if you go to buy a car or a pound of hamburger and the price is twice what it was in 1939, you are not surprised, for you know that the value of the dollar has gone down just about the same amount, but it is hard to transfer this kind of thinking to the tax dollar spent on education.

The other afternoon I went to the store to purchase an article, and the gentleman behind the counter announced that the price was 35c, as much as he regretted it. He knew, as I did, that only a week ago the price had been 25c and, I might add, twenty-five years ago it would have been 15c. All he could do was pass it along to me. Unfortunately, when it comes to schools and paying for them, it isn't that easy. When it comes time to pay taxes, we still think in terms of the "old" dollars.

As our country has grown, more people have moved away from the farm and the real estate tax, from which we still get our money for schools in this state, is no longer a fair basis for measuring a person's ability to pay. Once, if a man had a fifty acre farm and thirty head of cattle and another man had a twenty-five acre farm and fifteen head of cattle, it was easy to say that one man was able to pay twice what the other paid. Today, we have three houses all alike. In one, lives a retired person with an income based on a dollar which has lost half of its value, in the next lives a family making \$6,000, and in the third house live three families, all working and making \$10,000. It is easy to realize that to tax each of these property units the same is unfair, yet that is what is done. The federal government long ago sought to get its taxes from other sources but in New Hampshire the real estate tax is still our method for collecting the money for our schools.

Much as we may not like to admit it, another reason we are having a time getting money for our schools is that people are more willing to spend their money for other things. We are for the schools, we believe in them, but we want radios, television sets, autos, alcoholic beverages, cosmetics, tobacco and fine clothes first.

All but one of the districts in this Union are doing as much or slightly more for their schools as the average district in New Hampshire is doing but, unfortunately, all of our districts are like the Red Queen

in the Looking Glass Land who had to run hard to stay in the same place. Our problem in the last five years has been a difficult one because we have had to catch up with old shortages which are responsible for our present over-crowding, our unsafe, badly kept and inadequate facilities, as well as teacher shortages. Our districts can do nothing but ask for more money so long as the dollar continues to lose its value and an ever increasing number of children enter our schools.

At least three districts in this Union must face building programs in the next three years. By now, we are all familiar with the old story, in time of war, we cannot build because costs are going up and you cannot get material, and in time of peace we cannot build because, while prices are going down, so is the amount of money that people are making. Since the turn of the century, we have been in one or the other of these positions and the building program has lagged behind the need for replacements and enlargements.

You have been interested in our work, you have attended meetings, made studies and supported our program. You must help us to retain good teachers who have a vision of the future needs of our country and who will strive to guide your children rather than to assign them pages in a book. You must continue to maintain the property which we have, and prepare to build those classrooms which will be needed so badly in the next few years.

The task is not any easy one but I feel sure that we all still have hopes and ambitions for our children and our country, and will find a way.

2. The Local Situation

Alton—The schools in this town we are sorry to say are not in an advanced state, not from a want of sufficient material to construct good schools, but the want of interest manifested by parents and committees. An attempt was made the past winter to introduce a uniform series of reading books, (town's) but it was looked upon by those interested (in the purse) as an innovation, or a scheme got up by speculators for the purpose of swindling the public out of a portion of their earthly goods. We succeeded however in introducing them into three districts, and as far as they were introduced they have given general satisfaction, and the improve-

ment in reading where they have been used the past winter has been far greater than in the schools where they have not been introduced. This encourages the hope that they may be introduced into the schools in this town generally during the coming year.

I. W. LOUGEE,
A. L. MELLOWS,
Superintending School Committee,
Annual Report - 1849.

The problem which Alton faces is no different from that which many of the school districts in this country face. How you resolve the problem is yours to decide.

Those of you who have children in the school, or who have studied our problems, know that your children are suffering from overcrowded classrooms and an inadequate program. If you will study the size of the classes in your building and compare them with those in schools of your neighbors, you will realize that your teachers can not do for your children what is being done in other communities. We cannot change this situation until additional facilities have been provided.

The standard achievement tests given to your children for the last five years have shown that your children are not keeping up to the standards for the rest of the country. One class in your school is as much as two years behind. All of this cannot be blamed on the overcrowding. Some responsibility must be placed against the unfortunate situation which happened during the war years. Never-the-less, if your classes had been smaller and better housed, some of these unfortunate situations could have been overcome, as they have been elsewhere. This same lack of space requires your high school to limit its program to certain formal subjects. If you wish the program expanded, you must provide more room and more teachers. Whether this is a wise expenditure, you must decide. Three families in your small community are sending their children to high schools other than Alton and paying the tuition themselves.

Alton is not a poor community as you well know. If you were to spend, proportionately, what your neighbor on the South does, you would have a school budget of over \$100,000 a year, or more than twice what you are spending now.

In September, your schools opened under the direction of John A. Finger, a graduate of Massachusetts Institute of Technology, with his doctor's work at Harvard University. Mr. Finger comes to you after several years of teaching experience and some four years in the navy. Other teachers who have joined the faculty this year are John A. Boston, a graduate of Tufts College with a Masters of Education from Tufts College as well; Robert Moulton, who graduated from Plymouth Teachers' College in June; Miss Jane E. Dobens, who graduated from Rivier College in June and Mrs. Helena Drew, who comes to you after many years of teaching, the last years in New Durham. Mrs. Caroline Wallace, who did part-time work last year, also became a regular member of your faculty in September and has a regularly assigned class this year.

A Parent-Teacher Association has been formed for your school and deserves your support. They have a committee which is studying the school situation. At their request, your board has asked the State Department to come to Alton and make a survey of your schools and then submit recommendations. This report should come to you shortly.

PART II. INSTRUCTION

(a) Teachers as of February 1, 1951

Teacher	Position	Enrollment
John A. Finger, Jr.	Principal and Adv. Gr.	9 22
	Algebra, Physics, Gr.	10 20
	Algebra I, Gen. Gr.	11 12
	Math. Gr.	12 8
John A. Boston, Jr.	Math., Grs. 7 & 8, Gr.	7 16
	Science, Grs. 7 & Gr.	8 29
	8, General Science,	
	Gym for boys and girls	
Jane E. Dobens (Miss)	Latin II and French I,	
	English, Grs. 7, 9, 11	
Helena Drew (Mrs.)	Grades V and VI	16
		13
Zelma Guy (Mrs.)	Grade I	16

Eleanor Hayes (Mrs.)	Home Economics, Grs. 7 & 8, and H. S., Social Studies, Gr. 8, World History, Gr. 7	
Robert O. Moulton	Sociology, Typing, Biology, Bookkeeping	
Elizabeth Parker (Mrs.)	Grades III and IV	9 23
Jeannette Roberts (Mrs.)	English, Grs. 8, 10, 12, Social Studies, U. S. History	
Carolyn Wallace (Mrs.)	Grades II and III	15 6
		<hr/> 205

PART III. FINANCE

(a) Annual Report of the District Treasurer for Fiscal Year Ending June 30, 1950

Cash on hand June 30, 1949 (Treasurer's bank balance)	\$142.43
Received from selectmen:	
Appropriations for current year	\$42,762.00
Dog tax	189.80
Received from state treasurer	1,420.15
Received from tuitions	3,627.80
School lunch	1,660.89
Received from all other sources	49.65
	<hr/> \$49,710.29
Total amount available for fiscal year (balance and receipts)	\$49,852.72
Less school board orders paid	49,699.45
	<hr/>
Balance on hand as of June 30, 1950 (Treasurer's bank balance)	\$153.27

BEATRICE E. H. GOWEN,

August 4, 1950.

District Treasurer.

AUDITORS' CERTIFICATE

This is to certify that we have examined the books, vouchers, bank statements and other financial records of the treasurer of the school district of Alton, of which the above is a true summary for the fiscal year ending June 30, 1950, and find them correct in all respects.

LEWIS E. HAYES,

CHESTER W. LITTLEFIELD,

September 5, 1950.

Auditors.

(b) Financial Report of the School Board for the
School Year 1949-1950

RECEIPTS

Federal aid:

Smith-Hughes and George Barden (secondary)	\$314.78
---	----------

National school lunch	1,101.12
-----------------------	----------

Local taxation:

Current appropriation	42,762.00
-----------------------	-----------

Other sources:

Dog licenses	189.80
--------------	--------

Elementary school tuitions	1,227.80
----------------------------	----------

Secondary school tuitions	2,400.00
---------------------------	----------

School lunch	1,660.89
--------------	----------

Refunds	53.90
---------	-------

Total receipts from all sources	\$49,710.29
---------------------------------	-------------

Cash on hand at beginning of year, July 1, 1949	142.43
--	--------

Grand total	\$49,852.72
-------------	-------------

PAYMENTS

Administration:	Total	High	Elem.
Salaries of district officers	\$246.00	\$82.00	\$164.00

PART IV. CHILD ACCOUNTING AND STATISTICS

(a) Statistics for the Year Ending June 30, 1950

	High	Elem.	Total
Number of pupils registered	74	157	231
Average number of half-days schools were in session	348	348	348
Average membership	65.25	142.53	207.78
Average attendance	61.84	134.67	196.51
Aggregate half-days attendance	21522	46866	68388
Per cent of attendance	94.78	94.48	
Pupils not absent nor tardy	6	9	15
Cases of tardinesses	19	47	66
Average number of tardinesses per pupil	.0009	.0052	.0061
Non-resident pupils	18	14	32
Pupils transported at district expense	27	77	104
Visits by superintendent	111	73	184
Average visits by superintendent per teacher	27.75	14.60	42.35
Visits by citizens	1131	351	1482

PART V. AUXILIARY ACTIVITIES and SPECIAL REPORTS**(a) Report of the Principal**

It seems appropriate for a new principal to take this opportunity to express some of his viewpoints on education, so that the people in the town of Alton will know not only how the school is functioning but also how the administration would like to have the school function.

In every community education can and should serve a dual role. It has one purpose of teaching children formal skills and an understanding of the world in which we live. Every parent has the right to expect the school to teach his child how to read, to spell and to do arithmetic. Parents also expect the school to give their children some concept of what the world is like, not only in its physical dimensions and its past occurrences, but they should also expect that the school will teach their children what is happening in the world today, and to instill an understanding of why mankind, through all past history, has never been able to live in harmony. Furthermore, in the final years of education in the high school parents have the right to expect their children to be taught a variety of things. Some parents should expect the school to teach their children useful skills that they can employ in their vocation upon finishing high school. Other parents do and should expect the school to prepare their children for further education. To fulfill this function the school needs to offer many subjects which do not have any immediate usefulness to the individual but which eventually, when combined with four years of additional training, give to these selected people either increased skill for vocational use or keener insight into man and his basic problems. All education, however formal or traditional, always has two facets. It teaches, on the one hand, skills, and on the other hand, however elementary the education may be, it teaches insight into man and his problems. It teaches philosophy, even though we may put it in terms of the difference between right and wrong. This, to me, is one role of education.

But, education has two purposes. The second purpose of the school is the fulfillment of community expectations. The community has the right to expect the

school to foster associations among whatever diverse elements may exist in the community. It should expect the school to develop individuals who are capable of living harmoniously with all the diverse groups that exist. This community, our country, and our world need to have individuals in it who so understand their fellow men that they are able to associate with whomever they may come in contact. The community does not, and should not, expect the schools to be a leveling institution, but this community and any community can live peacefully and happily as a group only when the people in it have some common experiences which they can share with each other. To promote these associations among children, schools throughout the country are gradually doing away with the old practice of separating the "dumb" from the "smart" and having special courses of instruction for those children who are too slow to go along with the regular class. Furthermore, schools try, today, to provide activities in which every child can take part. Every parent has the right to expect that his child will learn in school what things he can do to contribute toward a group goal. We are often prone to think that it is only a select group of individuals who can make any contribution to our society. We need to know that every individual can be useful to us, that each person in his own way helps a community to be a good community. This second purpose of the school is to teach children how they may contribute, and that each individual's contribution is valuable. For example, one of the places where the school fulfills this duty is through the athletic teams. The school promotes it also by the various projects which its classes work on during the year—a class working as a group to put on a party or a dance, the whole school working together as a group to put on the winter carnival. Teachers can promote this further in their individual classrooms by providing activities and projects in which each child participates. The dual purpose of the school, then, is this: First, we expect that the school will teach our children skills for a vocation and that we will teach them to be good citizens; and secondly, we expect that the school will teach our children how to get along with each other.

SCHOOL STATISTICS

ENROLLMENT

As of January 15, 1951, there were enrolled in the Alton Central school in Alton:

	From Alton	Tuition Pupils
Grade I	16	1
Grade II	16	0
Grade III	15	0
Grade IV	23	0
Grade V	16	1
Grade VI	13	0
Grade VII	13	5
Grade VIII	19	9
Grade IX	13	11
Grade X	15	5
Grade XI	10	2
Grade XII	8	1

Between September 11 and January 15, eight pupils dropped out of school because of lack of interest, and are now attending no school.

TEACHERS

Grade 1, Mrs. Guy; Grades 2 and 3, Mrs. Wallace; Grades 3 and 4, Mrs. Parker; Grades 5 and 6, Mrs. Drew; Grades 7 through 12, Mr. Boston, Miss Dobens, Mrs. Hayes, Mr. Moulton, Miss Roberts, and Mr. Finger.

COURSES OF INSTRUCTION OFFERED IN THE HIGH SCHOOL

English, 7 through 12; Social Studies, 7 and 8, Math, 7 and 8; General Math, Algebra 1, Algebra 2, World History, United States History, Science, 7 and 8; General Science, Biology, Physics, Typewriting, Book-keeping, Home Economics, 7 and 8; Home, Textiles and Clothing, Sociology, French 1, Latin 2, Physical Training, Music and Band.

(b) Report of School Health Work

To the Townspeople, School Board, and Superintendent of Schools of Alton:

I am submitting my second annual report of the school health work in Alton.

The pre-school round-up was held in June at which time children entering school in September, 1950, were weighed, measured and had a physical examination by Dr. Appleyard, school physician.

Visual tests have been made, using the Massachusetts Vision Testing Machine, which is a very adequate and improved method of finding the children needing vision corrections. Parents were sent cards if defective vision was found.

Hearing tests have also been made, using the audiometer, with very satisfactory results, as no child was found to have a serious impairment of hearing.

There were a few cases of mumps prevailing in the late spring and chickenpox during September and October but, otherwise, the probable cause of the majority of pupils being absent was the common cold.

Hot lunches are again part of the school program, under the supervision of Mrs. Eleanor Hayes. It is a pleasure to watch the children enjoying their hot noon lunch, including milk.

Twenty-eight pupils were taken to Doctor Copeland's office in Rochester for complete dental care and fluorine treatments. Transportation was all Alton had to furnish as the service was all donated by Dr. Copeland to the Alton school children. This is the third successive year Dr. Copeland has given this service.

In the near future, we plan to have the patch test for tuberculosis available to all of the Alton school children.

A dental clinic for prevention of tooth decay will soon arrive in Alton which will give an opportunity for the children in Grades I through VI to have their teeth cleaned and sodium fluoride treatments, which reduces the amount of new dental decay. This work is being done all over the state through the Federal Security Agency, Public Health Service.

I have been pleased to find that many children have had their dental work all completed by their own dentist during the past year.

Class room visits and individual inspections are made as needed to check on health and give advice individually, as to personal hygiene or whatever problem is present at the moment. Home visits have been made as needed to interview parents or see ill children. When necessary, children have been taken to clinics for remedial work.

The annual medical inspection of every child was made by Dr. Appleyard, school physician. His findings were as follows:

Defects	Cases
Cardiac	3
Orthopedic	11
Teeth	35
Tonsils	29
Speech	5
Genital	3

The following is a statistical report of the school nursing work during the year 1949-1950:

Pupils examined	202
Pupils weighed	202
Pupils measured	202
Visits to schools	185
Visits to homes	40
Assisting doctor with examinations	202
Classroom inspections	800
Individual inspections	120
Vision test	240
Hearing test	202
Official interviews	16
Pupils transported to clinics or doctors	34

In closing, I express my appreciation to the teachers and all others who have helped carry out the health work this year. I am always glad to see or hear from parents at any time regarding their children or pertaining to the health program of the school.

Respectfully submitted,

MRS. VENITA HARDY, R. N.,

January 12, 1951.

School Nurse.

REPORT OF THE STATE NURSE FOR 1950

Eighteen pre-school children and infants were immunized for diphtheria, tetanus, whooping cough, at a child health conference by Dr. A. E. Appleyard.

The Woman's club and Legion Auxiliary gave pleasantly and efficiently of their time to make this health program a success.

The Legion hall was made available through the generosity of the American Legion.

My sincere appreciation and thanks.

Respectfully,

JOANNA M. CARTER.

PART VI. SCHOOL CALENDAR FOR 1951-1952

1951 Supervisory Union No. 49

August 31—Principals' meeting.

September 4—Registration of new pupils and teachers' meeting.

September 5—School opens.

October 12—School closed—Columbus day.

October 18 - 19—School closed—Teachers' Conference.

November 21—School closed at 1 p. m.—Thanksgiving recess.

November 26—School reopens.

December 21—School closes at 1 p. m.—Christmas vacation.

1952

January 3—School reopens.

February 15—School closes at 3 p. m.—midwinter vacation.

February 25—School reopens.

April 11—School closes at 3 p. m.—spring vacation.

April 21—School reopens.

May 30—School closed—Decoration day.

June 13—School closes for summer vacation.

(Days lost on account of bad weather will be made up beginning June 16 if necessary to complete 180 days of school.)

(Teachers may attend state Teachers' conventions two days, appropriate county institutes and workshops totaling five days. These days are counted as part of the 180 days of school required by law.)

PART VII. DEFINITION OF OFFICIAL BALLOT

The official ballot of the 1951 school district meeting shall be white paper 1½ inches by 4 inches in size.

PART VIII. WARRANT FOR SCHOOL DISTRICT MEETING THE STATE OF NEW HAMPSHIRE

To the inhabitants of the school district in the town of Alton, N. H., qualified to vote in district affairs:

You are hereby notified to meet at the town hall, in said district on the seventeenth day of March, 1951, at 1.30 o'clock in the afternoon to act upon the following subjects:

- Article 1. To choose a moderator for the coming year.
- Article 2. To choose a clerk for the ensuing year.
- Article 3. To choose a member of the school board for the ensuing three years.
- Article 4. To choose a treasurer for the ensuing year.
- Article 5. To determine and appoint the salaries of the school board and truant officer, and fix the compensation of any other officers, or agents, of the district.
- Article 6. To hear the reports of agents, auditors, committees or officers heretofore chosen, and pass any vote relating thereto.
- Article 7. To choose agents, auditors and committees in relation to any subject embraced in this warrant.
- Article 8. To see what sum of money the district will raise and appropriate for the support of schools, for the salaries of school district officials and agents, and for the payment of statutory obligations of the district, and to authorize the application against said appropriation of such sums as are estimated to be received from the state equalization fund together with other income; the school board to certify to the selectmen the balance between the estimated revenue and the appropriation, which balance is to be raised by taxes by the town.

Article 9. To transact any other business that may legally come before said meeting.

Given under our hand at said Alton, N. H., this sixteenth day of February, 1951.

LEON T. DODGE,
EMILY K. BARNES,
GEORGE WALLACE,

A true copy of warrant—attest:

School Board.

LEON T. DODGE,
EMILY K. BARNES,
GEORGE WALLACE,

School Board.

Religion, morality and knowledge,
being necessary to good government
and the happiness of mankind, schools
and the means of education shall
forever be encouraged.

Northwest Ordinance of 1787.

State Audit of Alton School District

DIVISION OF MUNICIPAL ACCOUNTING

STATE TAX COMMISSION

Concord, New Hampshire

February 2, 1951.

Alton School Board,
Alton, New Hampshire.
Gentlemen:

Submitted herewith is the report of an audit and examination of the accounts of the Alton School District for the fiscal year ended June 30, 1950, and the period July 1st to December 31st, 1950, which was made by this Division at the request of the Municipal Budget Committee. Exhibits as hereafter listed are included as part of the report.

SCOPE OF AUDIT

Included in the examination and audit were the accounts and records of the School Board and the School District Treasurer.

FINANCIAL STATEMENTS

Comparative Balance Sheets:

June 30, 1949 - June 30, 1950 (Exhibit A-1)

Comparative Balance Sheets as of June 30, 1949 and June 30, 1950, are presented in Exhibit A-1. As indicated therein the Surplus increased by \$151.84 during the fiscal year ended June 30, 1950.

Analysis of Change in Financial Condition:
(Exhibit A-2)

An analysis of the change in financial condition of the School District during the fiscal year is made in Exhibit A-2. As indicated therein the increase in Surplus of \$151.84 during the year resulted from a budget surplus of like amount.

Comparative Statements of Appropriations and Expenditures - Estimated and Actual Revenues:
(Exhibits A-3 and A-4)

Comparative statements of appropriations and expenditures, estimated and actual revenues for the fiscal year ended June 30, 1950, are presented in Exhibits A-3 and A-4. As indicated by the budget summary (Exhibit A-4), a net revenue surplus of \$2,486.25, less a net overdraft of appropriations of \$2,334.41, resulted in a net budget surplus of \$151.84.

Summary of Receipts and Expenditures:
(Exhibit B-1)

A summary of receipts and expenditures for the fiscal year ended June 30, 1950, made up in accordance with the uniform classification of accounts, is included in Exhibit B-1. Proof of the Treasurer's balance, as of June 30th and December 31st, 1950, is indicated in Exhibit B-2 and C-2, respectively.

GENERAL COMMENTS

Appropriation Overdrafts:

The budget summary (Exhibit A-4) indicates:

Overdrafts of Appropriations	\$3,202.35
Unexpended Balances of Appropriations	867.94

Net Overdraft of Appropriations	\$2,334.41
---------------------------------	------------

Sections 5 and 6 of Chapter 52, Revised Laws of New Hampshire, as amended, (Municipal Budget Act) the provisions of which have been adopted by the Town of Alton, provides as follows:

"5. Exceeding Appropriations. In towns adopting the provisions of this chapter, no board of selectmen, school board, commissioners of a village district wholly within said town, or other expending agency shall pay or agree to pay any money or incur any liability involving the expenditure of money for any purpose for which an appropriation has not been made, or in excess of any appropriation or allotment made to it, except for the purpose of paying judgments rendered against the town or school district or said village district, provided, however, that in case of sudden and unexpected emergency the selectmen or village commissioners on application to the tax commission and the school board on application to the state board of education, after hearing, may be given a certificate of emergency authorizing them to make such expenditure or incur such liability, provided that no such certificate of emergency shall be granted unless the budget committee of the town has approved the expenditure. In cases arising during the year following the annual meeting where changes occur which make it unnecessary to use the amount appropriated for a specific purpose, an unexpended balance may be transferred by the board of selectmen or the school board or the village commissioners of such village district from one appropriation to another, provided the

total amount expended for all purposes does not exceed the total amount appropriated at the town, school or village district meetings for all purposes.

"6. Penalty. Any person or persons violating the provisions of section 5 shall be subject to removal from office on proper petition before the superior court. Such petition shall take precedence of other actions pending in said court, and shall be heard and decided as speedily as possible.

It must be stated, therefore, that contrary to the provisions of Section 5 of the Municipal Act, (1) the expenditures of the School District exceeded total budgetary appropriations and (2) no application was made by the School Board to the State Board of Education for authority to exceed appropriations.

Conclusion :

The provisions of Section 31, Chapter 211, of the Laws of 1939, require that this report or a summary of its essential features shall be published in the next annual school district report. This letter of transmittal should be included in its entirety.

We extend our thanks to the officials of the Alton School District for their assistance during the course of the audit.

Yours very truly,

HAROLD G. FOWLER,

Director,

Division of Municipal Accounting
State Tax Commission.

Herbert E. Hunt, C. David Sullivan, Auditors.

Hugh J. Cassidy, Robert W. Flanders, Accountants.

**DIVISION OF MUNICIPAL ACCOUNTING
STATE TAX COMMISSION**

Concord, New Hampshire

February 2, 1951.

Certificate of Audit

This is to certify that we have examined and audited the accounts and records of the Alton School District for the fiscal year ended June 30, 1950, and the period from July 1st to December 31st, 1950; and, subject to exceptions as noted in our report, found them to be in order. In our opinion the Exhibits included herewith reflect the true financial condition of the School District, together with the results of operations for the fiscal year ended June 30, 1950.

Respectfully submitted,

HAROLD G. FOWLER,

Director,

Division of Municipal Accounting
State Tax Commission.

Herbert E. Hunt, C. David Sullivan, Auditors.
Hugh J. Cassidy, Robert W. Flanders, Accountants.
